

ZAHRAT AL-SAHRA'A INTERNATIONAL SCHOOL

INITIAL PLAN 21-22

Disclaimer: The following plan might be affected by new rules from the Ministry of Education. All updates will be shared with parents once available.

The first 2 weeks, starting August 29, will be fully online.

This is based on parents' requests to have time to vaccinate their children or arrive from abroad due to COVID flight restrictions and requirements.

This will also give students time to join Google Classroom and finish their registration at ZSIS.

Schedules for the first two weeks will be published on our website on Thursday.

Grades 1 to 12 students will join Google Classroom for homework, announcements, assessments, and recorded sessions. Kindergarten will use a different platform which will be explained to you during an open house.

Grades K to 6 will be fully online until the end of October.

For Grades 7 to 12, only fully vaccinated students will attend sessions at school starting September 12. Students who are not vaccinated will attend virtual classes. Attending students will also have access to online courses. A detailed plan will be shared in the coming days.

Books will be sold as soon as students start attending, after September 12.
